ULTIMATE THEFT PROTECTION

SECURE SIMPLE SMART

Welcome to the Black Knight tracking revolution! Black Knight Global Tracking Systems is the smallest and simplest way to protect your investment, with:

- “One-button” start, and simple online activation
- Real-time tracking via smartphone, with unsurpassed accuracy
- Global coverage
- Virtual “geofence” alarm around your vehicle
- High-security asset protection with NanoTag microtagging tools

TINY 25 grams and smaller than a box of matches, meaning it can be hidden anywhere

CHEAP data-only tracking (no SIM card!), makes BK the most affordable premium tracker available

GLOBAL no roaming fees or hidden costs, wherever you are in the world

SECURE covert protection for your car/bike/boat and premium fleet management for your business

SHARE don't have *all* the fun, let your friends and family follow your roadtrip too!

Black Knight, from NanoTag Technology. Your baby's in safe hands.

\$599 FOR THE UNIT - Includes Fitting and First 12 Months Protection.
